

# 88 Common Signs and Their Traditional Meaning

## INTRODUCTION

*Signs, signs, everywhere there's signs blocking' up the scenery, breakin' my mind  
Do this, don't do that, can't you read the sign ~ 5 Man Electric Band*

**They are! Everywhere around you and they are aiding you in hearing, understanding messages from the universe, and making courageous choices based on that innate inner wisdom.** Unlike, the lyrics, they are there to SUPPORT your mind and make it more clear. Listening to the signs of the Universe is about listening to your innate wisdom about your life and your choices. Your Soul knows the truth and these signs are there to support you.

**Instead of listening to what others are telling you to do. Instead of listening to your mind telling you.** Instead of listening and being guided by emotions that do not always serve you, signs are there to help you slow down and listen to nature, spirit, and the universe support you in hearing and understanding the BEST choices for you.

**This 'dictionary' of signs if you will is a source of beginning information for you.** There are general meanings of signs in the world. Spiritual and symbolic are animals, flowers, colors and more. It gives you a starting point to understand them. With that being said, I offer to you that signs are ALWAYS subject to your own soul's interpretation of them.

The best example of this is Skunks! Most of us recoil at them ~ finding them smelly and an animal to avoid, but some associate them with their symbolic attribute, which is that of self-assurance, confidence, composure! So, look at these traditional meanings and sink into your soul to discover if it serves you or if something better does.

**Why 88 Signs?** 8 is the sign of abundance and as I drafted this I was led to this number for that is the energy I used to create this for you. My desire for you to have an abundance of courage to following of signs in your life that will lead you to an abundance of joy!
